OVERVIEW

Why is the bank adopting the BOK Financial name? Is Mobank still part of BOKF, NA?

Today, we operate under both the Mobank and BOK Financial brands in the Kansas City market. We believe operating under a single brand name – BOK Financial – allows us to provide clarity to our clients, employees and partners as we continue to expand our mission as a strong, regional financial institution with an unwavering commitment to our communities.

You may already be familiar with the BOK Financial brand, as many of our growing commercial and wealth management services have operated under the BOK Financial brand in this market for some time.

Beginning in late October, all of our operations in Kansas and Missouri – including consumer, mortgage, commercial and wealth management – will be renamed to BOK Financial.
